Please check the web site regularly for updates, since this will be the main form of distribution of information to the class. My lecture notes will be posted to the site.

**Resources**

1. Support for student writers:

**Writing + Critical Expression Hub (part of the Teaching + Learning Commons)**

There are undergraduate writing mentors on staff who are in Biological Sciences degree programs, so they have training not only in working with student writers, but also familiarity with science reasoning and science writing. Please don't hesitate to meet with a writing mentor for help—every writer can benefit from these conversations. Students can make appointments via <https://ucsd.mywconline.com>

2. Tutoring

**OASIS: Office of Academic Support and Instructional Services**

From the OASIS website (<https://students.ucsd.edu/sponsor/oasis/>): We are the learning center at UC San Diego and provide most of the free tutoring on campus in a collaborative, supportive environment. All UC San Diego students are eligible to receive OASIS services. Each year, OASIS serves 3,000 students in language, math, science, study skills, and writing as well as peer counseling and peer mentoring.

They are located on the third floor of Center Hall, (858) 534-3760 (phone), [oasis@ucsd.edu](mailto:oasis@ucsd.edu) (email)

3. Optional reading resource:

Essentials of Genetics, Klug 9<sup>th</sup> edition (Redshelf ebook, see note below)

**Required Learning Materials:**

iClicker (available at bookstore)

125 points Problem sets (25%)

150 points Midterm (30%)

175 points Final (35%)

500 points total

### **Grading scale**

98.0 – 100%	A+	78.0 – 79.9%	C+

### **Clicker participation (not for correctness), 5%**

If you answer at least 85% of the clicker questions during the lecture sessions, you will get full points. Because you only need 85% participation for full points, if you forget your clicker one day do not worry about it.

For participation below 85%, the breakdown is as follows:

75% – 84.9%: 20pts

65% - 74.9%: 17pts

50% - 64.9%: 13pts

**Accommodations:** Students requesting accommodations for this course due to a disability must provide a current Authorization for Accommodation (AFA) letter issued by the Office for Students with Disabilities (OSD), which is located in University Center 202 behind Center Hall. Students are required to present their AFA letters to Faculty (please make arrangements to contact me privately) and to the OSD Liaison in the Department of Biological Sciences in advance so that accommodations may be arranged.

Contact the OSD for further information:

858.534.4382 (phone) [osd@ucsd.edu](mailto:osd@ucsd.edu) (email) <http://disabilities.ucsd.edu> (website)

Whenever possible, we will use universal designs that are inclusive. If you have feedback on how to make the class more accessible and inclusive, please let me know!

**A Culture of Respect:** The Office for the Prevention of Harassment & Discrimination (OPHD) provides assistance to students, faculty, and staff regarding reports of bias, harassment, and discrimination. Students have the

right to an educational environment that is free from harassment and discrimination.

Students have options for reporting incidents of sexual violence and sexual harassment. Sexual violence includes sexual assault, dating violence, domestic violence, and stalking. Information about reporting options may be obtained at OPHD at (858) 534-8298, [ophd@ucsd.edu](mailto:ophd@ucsd.edu), or <http://ophd.ucsd.edu>. Students may receive confidential assistance at the Sexual Assault Resource Center at (858) 534-5793, [sarc@ucsd.edu](mailto:sarc@ucsd.edu), or <http://care.ucsd.edu>, or through Counseling and Psychological Services (CAPS) at (858) 534-3755 or <http://caps.ucsd.edu>

Students may feel more comfortable discussing their particular concern with a trusted employee. This may be a UCSD student affairs staff member, a department Chair, a faculty member or other University official. These individuals have an obligation to report incidents of sexual violence and sexual harassment to OPHD. This does not necessarily mean that a formal complaint will be filed.

If you find yourself in an uncomfortable situation, ask for help. UCSD is committed to upholding policies regarding nondiscrimination, sexual violence and sexual harassment.

## **Student Expectations**

### **Attendance Policy**

Attendance at discussion sections is mandatory, and you must attend the section you are enrolled in. However, I understand circumstances out of your control occasionally occur, so you can miss one discussion section and still earn full participation credit. Problem sets can be turned into your IA via email if you miss your scheduled section.

### **Exam policies:**

Both the midterm and final will be scantron-based exams. Missing a scheduled exam will only be excused for medical reasons where documentation can be provided. A make up exam will be scheduled within one week of the original exam.

### **Academic Integrity:**

Although we encourage students to work together on problem sets and during discussion sections, the following is not allowed.

- Copying another student's work on an exam or allowing another student to copy your work
- Altering graded exams or assignments and submitting them for a regrade
- Responding to clicker questions in class using another student's clicker

We hold the following values (adapted from the International Center for Academic Integrity) as important to academic integrity and for maintaining an

inclusive classroom environment.

	As students, this means <b>you will...</b>	As the Instructional team, this means <b>we will...</b>
<b>Honesty</b>	<ul style="list-style-type: none"> <li>➤ Honestly demonstrate your knowledge and abilities</li> <li>➤ Communicate openly without using deception, including citing sources appropriately</li> </ul>	<ul style="list-style-type: none"> <li>➤ Give you honest feedback on your demonstration of knowledge and abilities on assignments and exams</li> <li>➤ Communicate openly and honestly about the expectations and standards of the course through the syllabus and guidelines for course assignments</li> </ul>
<b>Responsibilities</b>	<ul style="list-style-type: none"> <li>➤ Complete your assignments on time and be fully prepared for class</li> <li>➤ Arrive to class on time and be active participants</li> </ul>	<ul style="list-style-type: none"> <li>➤ Give you timely feedback on your assessments</li> <li>➤ Arrive to class on time and be active participants</li> <li>➤ Create relevant assessments and class activities</li> </ul>

<b>Courage</b>	<ul style="list-style-type: none"> <li>➤ Say or do something when you see actions that undermine any of the above values</li> </ul>	<ul style="list-style-type: none"> <li>➤ Say or do something when we see actions that undermine any of the above values</li> </ul>

This class statement and table of values is adapted from Dr. Tricia Bertram Gallant.

Any suspected instances of a breach of academic integrity will be reported to the Academic Integrity Office for review. A breach of academic integrity may result in a zero on the assignment/test/participation item in question and/or a failed grade in the course. The impact of the breach on a grade will be determined by the instructor in consultation with the Academic Integrity Office.

If you observe anyone not acting in accordance with the above values we are trying to foster, please bring your concerns to my or the instructional team's attention, and we will do our best to determine appropriate actions to uphold and protect these values.
