SUMMARY
Do you have what it takes to win an election? Do you even know what it takes? This course will focus on the components of a political campaign with a particular focus on the practical realities that lead to winning or losing. Topics include: campaign organization; vote targeting, role of political parties, social media and the Internet, fundraising, the role of the press, how to handle a crisis, debates and much more. All of these areas will be explaining citing specific examples from federal, state, and local races. The course will examine research about what makes and effective campaign strategy and focus on how technology has affected the way campaigns contact voters. Taught by someone who has both won and lost elections, this course will give you a historical understanding of the basic principles of elections and political campaigns.

COURSE ASSIGNMENTS
› 7% Assignment #1 Documentary Analysis Due Sunday, October 6th at 5:00 PM
› 51% Assignment #2 Campaign Plan Due, Sunday, December 1st at 5:00 PM
› 7% Assignment #3 TBD TBD
› 35% Final Final Exam Monday, Dec 9th (7:00 to 10:00 PM)

(Assignments #1 and #2 and #3 and Final Exam will all be submitted via Turn It In)

Assignment #1 Documentary Evaluation
In class, we will watch a documentary on political campaigns. You will write a two-page evaluation of the film we screen. (More detailed instructions for this assignment will be posted on course website).

Please note you need to use original citations. So if you get the information from an aggregator of sources like Wikipedia you MUST track down the original, credible source. The paper will be graded on both substance and style. Each student must do his or her own work, adhering to university regulations prohibiting plagiarism and cheating.

Assignment #2 Campaign Plan
For the campaign plan, you will write a comprehensive campaign plan for a Congressional candidate.

Campaign Plan Sections:
1. Information on your candidate
2. Information on your district
3. Overall strategy
4. Vote Goals/Targeting
5. Earned Media/Press Plan
6. Finance/Fundraising Plan
7. Anticipated role of political parties and outside groups
8. Field/GOTV/Volunteer Plan
9. Paid Media Plan
10. Social Media/Internet Plan
11. Overall Budget
12. Campaign Speech
Please note you need to use original citations. So if you get the information from an aggregator of sources like Wikipedia you MUST track down the original, credible source. The paper will be graded on both substance and style. Each student must do his or her own work, adhering to university regulations prohibiting plagiarism and cheating.

**Students will be required to use Turnitin to submit both written assignments.** Turnitin is an Internet-based plagiarism prevention service, which will be used to ensure academic integrity. The portal can be accessed directly through the course website. Hard copies of assignments will not be accepted. Professor Fletcher and the Teaching Assistants will provide additional information on the proper way to upload these assignments in subsequent class meetings.

**Final Exam**
For students who have a documented finals conflict with another UCSD course we will offer an alternative final exam time. The final will be comprehensive of the materials presented, guest speakers and assigned readings for the entire course.

**Class Attendance**
Professor Fletcher will occasionally have a class (usually when guest speakers are present) where attendance will be mandatory. These classes will be announced in advance.

**Extra Credit**
During the course, opportunities to intern or volunteer with a government office or political campaign* will be made available to students. Any student who does eight hours of documented work for an elected official, government office, political candidate or organization that advocates for public policy/political change will have one point added to the final course score. (If your midterm, writing project, class participation, and final give you 89, your final score for the course will be 90).

While opportunities will be provided in class, students are not bound to only those presented through the course. Students should feel free to contact officials or organizations and request volunteer opportunities. However, the hours worked must be documented by date and time, along with a signed letter by a representative from that organization. Additionally, a written explanation of the work done and what was learned must be submitted. This summary and signed hours form MUST be submitted before the final exam begins to be eligible for extra credit.

Again, for the extra point to be counted, students must submit a written memo that includes:

-- Name of official or organization
-- Total hours worked (minimum of 8, but no maximum)
-- Nature of work performed
-- Signature and title by verifying person at office of official or organization
-- Students take on volunteer/internship. This can be attached separately or below the signature of person verifying if student would rather them not see overall comments. But this section should include what was learned, observed, overall feelings and anything that relates back to the class.

NO SUBMISSIONS WILL BE ACCEPTED ONCE THE FINAL EXAM BEGINS.

*Professor Fletcher is currently an elected official in San Diego. Current students are NOT permitted to volunteer or work on his campaign or official office in any capacity.*
**CLASS MEETINGS**
Each class meeting will consist of a lecture and then often a discussion section where a question related to the lecture will be addressed in a group discussion. Sometimes there might be two lectures and two discussion sections back to back.

Occasionally, we will have guest speakers. You may be tested on the content covered in their lectures and question and answers. While their content may or may not be on the test, you should learn from their presentation and work in specific examples cited by guests in your short answer, essays and class assignments to demonstrate an understanding of the practical realities of topics presented. Also use guest speakers as your chance to ask relevant questions about Campaigns and Elections. Any guest speaker have the option of podcasting their discussion. Please note that most opt not to participate in podcast component.

**OFFICE HOURS**
Office hours can vary week by week. A doodle schedule will be posted on the course TED site each week. Please reserve a 15-minute block on this doodle during the weekly office hours. If you schedule a time and cannot attend then please go back into the doodle and free up the time so another student can use it. The TAs will also conduct weekly office hours and make those times and location available. It is suggested you email TAs if you plan to attend their office hours so they can best be prepared to answer your questions.

**GRADE CHANGES AND EXTENSIONS**
All requests for grade changes must be made in writing, to Professor Fletcher, within a week of receiving the graded assignment. Requests more than a week from assignment being provided to the student will NOT be considered. Requests must be typed and double-spaced and provide an explanation for the request and justification. Please note that a Professor review of a grade assigned by a TA may result in either a higher or lower grade (or grade could stay the same).

**There are no re-grades for the final.**

Extensions on assignments and make-up exams will only be granted in cases of documented illness or family medical emergencies. Please contact Professor Fletcher as soon as possible if you need to request one. Appropriate contact for Professor is an email—not a tweet, facebook message, or note slipped under his office door.

Note: We will NOT grant any extensions because stolen or damaged computers. This does happen, so you should be in the habit of using the free DropBox program to automatically back up all of your work on the cloud whenever you save it so that you never lose it.

**LATE ASSIGNMENTS**
Assignments submitted after the assigned deadline will be assessed the following penalties:

--5% reduction per day. The penalty will be assessed at 5pm each day. So if the assignment is due on Thursday at 5pm, the student will lose 5% points if submitted anytime until Friday at 5pm. After Friday at 5pm it will go to 10% points until Saturday at 5pm when it will go to 15% points, etc.

--The penalty will max out at a 20% reduction.
-- The reduction is a percentage of the final grade for the assignment. So if you scored a 84% on the paper but were assessed a 10% reduction your final grade for the assignment would be a 74%.

-- No papers will be accepted once the final exam begins!

*I have never seen a paper improve at a rate greater than the one at which you lose point

ACCOMODATIONS:
Students requesting accommodations for this course due to a disability must provide a current Authorization for Accommodation (AFA) letter issued by the Office for Students with Disabilities (https://osd.ucsd.edu/). Students are required to discuss accommodation arrangements with instructors and OSD liaisons in the department well in advance of any exams or assignments. The OSD Liaison for the Department of Political Science is Joanna Peralta; please connect with her via in-person advising (SSB 301) or the Virtual Advising Center as soon as possible. My class will always fully support any needed accommodations.
