COURSE FORMAT INFORMATION SPECIFIC TO FALL 2021

To promote accessibility for all students given that some may be unable to attend in person, some may need to quarantine over the course of the quarter, and many are eager to attend in person, the class will be a hybrid of in-person and remote learning opportunities, with specific formats described below. **Please note:** in the case of IAs or the instructor needing to quarantine, classes will continue over Zoom during that period.

LECTURES: Lectures will be given live in class and podcast. In person attendance for class during the main Tu/Th lecture is encouraged but NOT mandatory.

INSTRUCTIONAL ASSISTANTS AND DISCUSSION SESSIONS

DISCUSSION SECTIONS: To promote discussion section accessibility for all, section meetings will alternate between Zoom and in-person formats as indicated in the class schedule at the top of the syllabus. **Students are required to attend and participate IN FULL for at least 4 of the discussion section meetings for which they are registered.** Sections will meet for the first time during the first full week of the quarter (i.e. the week of Sept 27th to Oct 1st). A 20-point problem set will be posted online for discussion in section meeting each week. Students are to complete the problem set prior to attending discussion section for the week to the best of their ability. All students must be prepared to contribute to section discussions.

GRADING

POSSIBLE EARNED POINTS FOR THE QUARTER:

40 points Discussion section participation
 160 points Discussion section problem sets
 300 points Exams

500 points Total

- Grades will be assigned based on points earned using the scale listed on the right.
- **Curving:** If necessary, all point cutoffs will be adjusted downward so that at least 50% of the class receives an A or B. Under no circumstances will point cutoffs be adjusted upward.

GRADING SCALE:

≥ 485 points (97%) A+
 ≥ 450 points (90%) A
 ≥ 435 points (87%) A-
 ≥ 420 points (84%) B+
 ≥ 400 points (80%) B
 ≥ 385 points (77%) B-
 ≥ 370 points (74%) C+
 ≥ 350 points (70%) C
 ≥ 335 points (67%) C-
 ≥ 285 points (57%) D
 < 285 points (56%) F

ASSESSMENT

DISCUSSION SECTION PARTICIPATION (40 POINTS): Discussion sections will begin the week of Monday, September 27th. Weekly discussion sections are important for your success in this course. They will help you develop your analysis and problem-solving ability that will be evaluated by the exams. Discussion sections also provide you with the opportunity to build relationships with fellow students and your Instructional Assistant. **To promote discussion section accessibility for all, section meetings will alternate between Zoom and in person formats as indicated in the class schedule above. Students are required to attend at least 4 of the 8 discussion section meetings for which they are registered.** You will receive 10 points for your active participation in each ($4 \times 10 = 40$). **To obtain full points for participation, you need to attend for the full class period and actively participate in class discussion.**

PROBLEM SETS (160 POINTS): Required problem sets will be posted for each week as designated in the course schedule above. These problem sets are valuable study material, as they are designed to reinforce the learning objectives and cover the primary concepts. A good faith effort is DUE BEFORE your specific section meets; please turn in your draft assignment on CANVAS as a pre-submission prior to attending section. Why? Human nature dictates that students might not look at or consider the assignment ahead of time unless required too. This also encourages formulating a basis for questions. You may then edit your Problem Set during Section and it may then be resubmitted as a POST-Section submission to be turned in by midnight the day your section meets. If you have questions about this deadline, refer to the guidance of your Instructional Assistant. Students who do not make a good faith effort before the section meets significantly run the risk of not getting the full credit. Eight problem sets will be assigned throughout the quarter for a total of 160 points (20 points each). **Students are required to submit a good faith effort on 8 of the 8 Discussion Section problem sets.**

EXAMS (300 POINTS): There will be three equally weighted exams for the course, two midterms and a final exam, each worth 100 points. If your final exam score is higher than either of your midterm scores, I will replace your lowest midterm score with the equivalent of your final exam score (e.g. If you earn an 84 on the first midterm, a 78 on the second midterm, and a 90 on the final, the exam scores I count for you would be 84, 90 and 90). **Exams will be administered on Canvas and proctored via Zoom during the scheduled lecture time on the dates designated in the course schedule: Tuesday October 19, Tuesday November 16, and Thursday December 9.** The exams are **NOT cumulative**, and exam questions will only cover material taught in class and in the discussion sections for each given module.

COURSE POLICIES

COMPLIANCE WITH MANDATED COVID-19 SAFETY PRACTICES: For in-person attendees, compliance with all UCSD COVID-19 mandated safety practices is essential to maintaining our collective capability to attend in person. In brief, all persons must be properly masked at all times in classrooms. You may not remove your mask to eat or drink in the classroom. Please also avoid removing your mask in crowded outdoor areas while waiting to enter the

classroom. You must also complete and pass your daily symptom check prior to coming to classes in person; do not come to class in person if you are exhibiting any symptoms. Many of your fellow UCSD community members live with unvaccinated minors or with persons that have health conditions that increase their risk of serious illness and complications. You need to be mindful of this fact and respect others in your actions and compliance with safety mandates. If you are notified by contact-tracing that you must quarantine due to a known COVID-19 exposure, you must comply with this mandate. There is no penalty for students that must quarantine! All components of the class can be completed remotely if needed. Please notify your Instructor and Instructional Assistant if you are required to quarantine.

EXAMS: Exams will be 80 minutes in length. Questions are likely to be of several types including multiple-choice, short answer questions, labeling structures, true/false and other types of questions. **Exams will be administered on Canvas and proctored via Zoom during the scheduled lecture time, and all students will be required to enable their video camera while taking the exam. Exam rooms in Zoom will be organized by the Discussion session you belong to. Students may NOT work collaboratively or seek information from any external sources during the exams.** There will be no make-ups for exams unless you provide documents for medical or family emergency with contact information. **You must contact the instructor about the situation before the exam** to discuss your options. Once you have taken an exam (or part of it), you will not be able to drop the score or negotiate a reduction of its impact on your grade for any reason. If you do not take the exam, your grade will be a zero. Once exams have been graded, you will be able to view your score at the course website. After the quarter you will also be able to view your final exam score and final grade at this location. Students for which the Office of Students with Disabilities have issued exam accommodation letters should present their letter at the beginning of the quarter or as soon as it is available. Please contact Dr. Schmelz at least one week prior to each exam to arrange for accommodation.

ADMINISTRATIVE QUESTIONS: To drop/add a class or with other similar questions/issues, please contact the Biology Undergraduate Student Affairs Office.

UCSD POLICY ON ACADEMIC INTEGRITY: Cheating or academic dishonesty will not be tolerated, and all academic work will be completed by the student to whom it is assigned without assistance. As defined by UCSD policy, academic dishonesty includes:

- Taking an exam for another student or allowing another student to take an exam for you
- Copying another student's work on an exam or allowing another student to copy your work
- Seeking answers to exam questions on any website/social media platform, etc.
- Altering graded exams or assignments and submitting them for a regrade
- Communicating with other students during the exam
- Bringing answers or cheat sheets to the exam in note form or using a calculator, phone or other electronic device

Any student caught or suspected of cheating by doing one of the things on the list above will be reported to the UCSD Academic Integrity Coordinator and the Dean of the student's college. Confirmed cases of cheating on exams or altering an exam and submitting it for a regrade will result in the student receiving an automatic F as their final grade as well as other disciplinary actions determined appropriate by the Academic Integrity Coordinator.

ACADEMIC SUPPORT RESOURCES:

- **Teaching and Learning Commons at UCSD:** <http://commons.ucsd.edu/students/index.html>
- **Supplemental Instruction:** Scheduled sessions to support students in classes that many UCSD students find challenging. A list of supported classes and schedules may be found at: <https://commons.ucsd.edu/students/supplemental-instruction/index.html>

Please note: Specific Supplemental Instruction is specifically available for BIBC102
<https://aah.ucsd.edu/supplemental-instruction/si-sg-schedule.html#BIBC-102>

- **Triton Achievement Partners:** Drop-in tutoring for lower division math and chemistry courses. <https://commons.ucsd.edu/students/math-science%20tutoring/index.html#Math-and-Chemistry-Tutoring>
- **Writing and Critical Expression Hub:** See <http://commons.ucsd.edu/students/writing/index.html>. Writing mentors on staff (including some biology expertise and training in science writing) work with students to improve their writing skills while working on class writing assignments (e.g. lab reports!) and other writing projects. See their drop-in hours, and options for appointments.

- OASIS: Office of Academic Support and Instructional Services also offers tutoring, writing and mentoring support – see <https://students.ucsd.edu/sponsor/oasis/> Each year, OASIS serves 3,000 students in language, math, science, study skills, and writing as well as peer counseling and peer mentoring. Located on the third floor of Center Hall, (858) 534-3760, oasis@ucsd.edu.

HEALTH AND COMMUNITY RESOURCES (IN ALPHABETICAL ORDER):

- Black Resource Center: a campus community center that serves everyone at UC San Diego while emphasizing the Black experience. Promotes scholarship, fosters leadership, and cultivates community through the committed, collaborative effort and support of faculty, staff, and the broader UC San Diego community. <http://brc.ucsd.edu/>
- Counseling and Psychological Services: (CAPS) provides FREE, confidential, psychological counseling and crisis services for registered UCSD students. CAPS also provides a variety of groups, workshops, and drop-in forums. See <http://caps.ucsd.edu/> and/or call (858) 534-3755.
- Cross-Cultural Center: strives for meaningful dialogues and context across all cultures, particularly those of underrepresented or underprivileged backgrounds. Offers supportive and educational services through art, social and educational programs, workshops, and outreach. Welcomes creative venues for enhancing social consciousness and equity. <http://ccc.ucsd.edu/>
- LGBT Resource Center: provides a visible presence on campus and enhances a sense of connection and community among LGBT faculty, staff, students, alumni and the UC San Diego Community. <http://lgbt.ucsd.edu/>
- Office for the Prevention of Harassment & Discrimination (OPHD): provides assistance to students with concerns about bias, harassment, and discrimination. UCSD is committed to upholding policies regarding nondiscrimination, sexual violence and sexual harassment. Students have options for reporting incidents of sexual violence (e.g. sexual assault, dating violence, domestic violence, and stalking) and sexual harassment. Information about reporting options may be obtained at OPHD at (858) 534-8298, ophd@ucsd.edu, or <http://ophd.ucsd.edu>. Students may also receive confidential assistance at the Sexual Assault Resource Center at (858) 534-5793, sarc@ucsd.edu or <http://care.ucsd.edu>.
- Office for Students with Disabilities (OSD): works with students who have documented disabilities to provide reasonable accommodations. See <https://disabilities.ucsd.edu/about/index.html> or call 858.534.4382 and/or email osd@ucsd.edu. Students in need of disability accommodations for a UCSD course must provide their instructor with a current Authorization for Accommodation (AFA) letter issued by OSD. If you have an AFA, please arrange to meet privately with me during the first week of the quarter so we can discuss your accommodation. If you have any questions or concerns about a disability, please discuss with me!

- Raza Resource Centro: a lively space where students study, meet, write, get tutoring, and most importantly are in community. It is a space where Latina/Chicano organizations hold meetings, events and where culture, art, and academics interconnect. <http://raza.ucsd.edu/>
- Student Veterans Resource Center (SVRC): supports military-affiliated students in making the transition to campus life and facilitating their progress toward degree completion. The Center also provides opportunities for peer-to-peer support, mentoring and social networking. See <https://students.ucsd.edu/sponsor/veterans/>
- Women's Center: serves as a resource for the entire campus community while placing the experiences of diverse women at the center through resources provided, programming and learning opportunities facilitated, and dynamic community space. <https://women.ucsd.edu/>
