

**Economics 139: Labor Economics**  
**Summer I, 2013**  
**TR 2:00-4:50, HSS 2321**

Dr. Mike Hilmer  
**Email:** mhilmer@mail.sdsu.edu

---

**Course Description:** Operation of labor markets. Labor force participation, unemployment, labor mobility, wage inflation, the impact of unions, human capital investments, internal labor markets, and labor market discrimination. *Prerequisites: Economics 1A-B or 1-2-3.*

---

**Course Requirements:** There will be periodic homework assignments, one midterm, and one cumulative final exam.

Requirement	Date	Percent of Grade
Midterm Exam	Thursday, July 18	40%
Final Exam	<b>Saturday, August 3, 3-5:59pm</b> Location TBA	60%

---

**Text:** Ehrenberg and Smith *Modern Labor Economics: Theory and Public Policy*, Current Edition.

---

**Grades:** Grades will be assigned based on relative performance in the course. At the end of the course, I will place all students in rank order based on total points accumulated and assign grades based on relative standing in that distribution.

---

**Approximate Outline:**

July 2: Introduction and review of Microeconomics  
July 9: Chapters 3, 4, and 5  
July 11: Chapters 3, 4, and 5
