About Cheating

- 1. There is a LOT of it at UCSD. And I hate it!
- 2. I routinely give multiple versions of tests. Only the TAs know which version you have.
- 3. If I suspect a violation of academic integrity, I withhold your score and/or grade and send your paper to AIC for resolution. AIC will contact you and tell you your options.
- 4. If AIC finds you guilty, your college will impose penalties, and I give you an F in the course.
- 5. Honest students are put at a disadvantage by cheating students, and I don't like that. Hence, my exam and scoring rules and restrictions.
