Examinations and Grading

- Exams are open notes/closed book; calculator required; you may NOT consult old exams or Econ Tutor stuff. Bring stat tables from TRITONED. You must sit in your assigned seat.
- Homework = 10 points (adjusted); midterm = 40 points; cumulative final = 75.
- If you arrive late to an exam, I will allow you to take the exam in the time that remains *as long as no one has turned in an exam and left the room*. Once a paper has been turned in, it's too late.
- No rescheduled or make-up exams. You MUST take the final with the rest of the class on schedule (Friday) during finals week. Make your travel plans accordingly.

Calendar

- Midterm: Wednesday, 17 AUG, in class (in Solís 104), 10-11 am
- Final: Saturday, 3 SEP, 8-11 am, in WLH 2005 **[PLEASE NOTE CHANGE OF ROOM]**

About Cheating

- There is a LOT of it at UCSD. Honest students are put at a disadvantage by cheating students, and I hate that. Hence, my exam and scoring rules and restrictions.
- I give multiple versions of tests. If I suspect that your answer on an exam has been copied from another student's paper, I give you the negative of the question's value. In severe cases of violations of academic integrity, I withhold your score and send your paper to AIC for resolution. AIC will contact you and tell you your options.
- If AIC finds you guilty, your college will impose penalties, and I give you an F in the course.

My assigned seat for exams in Solís 104 and WLH 2005 is _____
