Required Reading
› The main textbook for this course is available for purchase at the bookstore: Ethan Rarick’s *Governing California, Third Edition* (Berkeley Public Policy Press, 2013). I will also post online a copy of the “What’s Next California” participants guide, and links to the other articles that we will read.

› The course webpage, located at [https://sites.google.com/ucsd.edu/ucsd-california-politics/home](https://sites.google.com/ucsd.edu/ucsd-california-politics/home), will contain information such as lecture slides, course announcements, and assignment guides.

Course Assignments
› 25% Constitutional Reform Debate (Wednesday, August 14th in class)
› 15% California Budget Challenge Assignment (due Wednesday, August 21st)
› 25% Paper (due beginning of class, Wednesday, August 28th)
› 25% Mock Committee Hearing, (Wednesday, September 4th in class)
› 10% Class Attendance and Participation
› There is no final for this course

**Class Meetings:** Each meeting will consist of a lecture and discussion, then a break, then another lecture and discussion (or group activity). Every student needs to be prepared to discuss the readings assigned for that day, and have something to say about the subjects that we are studying. The lecture outlines on the course website include discussion questions.

**Assignments:** You will be evaluated both on your written assignments and your participation in an in-class debate on August 14th and on a mock committee hearing on September 4th. For the paper, due on Wednesday, August 28th, you will write a policy analysis of a specific piece of California legislation in 5-7 pages (I’ll hand out more detailed instructions later). The paper will be graded on both substance and style. Each student must do his or her own work, adhering to university regulations prohibiting plagiarism and cheating.

**Attendance and Participation:** To earn full attendance and participation points, your frequent attendance and active participation is essential. Active participation will increase your engagement, reinforce learning, and allow you to learn from each other. This class covers a variety of sensitive topics. I expect my students to be respectful of one another in class discussions and written material. I encourage students to express disagreement—in fact, we will
learn tremendously from hearing diverse perspectives. But, I expect that students will communicate their disagreement respectfully and in line with the [UCSD Principles of Community](https://www.ucsd.edu/policy/ps-0707-03/) for Technology. Please turn off your cell phones before coming to class. If you are expecting an important call, please tell me before class, keep your phone on vibrate, and leave quietly when you receive the call. I prefer that you do not use your laptop or tablet in class. If you feel that you must use your laptop, please be courteous to your peers and avoid looking at distracting content that is unrelated to the course.

**Accessibility.** Students requesting accommodations for this course due to a disability must provide a current Authorization for Accommodation letter issued by the [Office for Students with Disabilities](https://www.ucsd.edu/student-life/students-with-disabilities/). Students are required to present their AFA letters to Faculty and to the OSD Liaison in the department in advance so that accommodations may be arranged.

**Late Policies.** Late assignments will receive a five-percentage point deduction to the grade on that assignment for each day late. Computer malfunctions are not a legitimate excuse for submitting late assignments. I recommend regularly backing up your work on Dropbox, Google Drive, an external hard drive or flash drive, or some other system to save your work. For longer assignments, you might consider saving multiple drafts and emailing them to yourself as you work.

**Academic Integrity.** All of your graded work must be done by you without assistance from others. Any violation of UCSD’s academic integrity policy will result in failing this class. If you are unfamiliar with the University’s policy on academic integrity, please familiarize yourself with the guidelines on the Office of Academic Integrity [website](https://www.ucsd.edu/offices/academic-integrity/).

**Basic Needs.** Any student who has difficulty accessing sufficient food to eat every day, or who lacks a safe and stable place to live, and believes this may affect their performance in this course, is encouraged to contact: foodpantry@ucsd.edu or basicneeds@ucsd.edu. In addition, I have a list of student resources on my website, www.zoenemerever.com, under the ‘For Students’ tab.

**Grade Changes and Extensions:** All requests for grade changes must be made in writing, to me, within a week of receiving the graded assignment. Requests must be typed and double spaced, and review of a grade by the other grader or by me may result in either a higher or lower grade. There are no regrades for the debate. Extensions on assignments and make-up exams will only be granted in cases of documented illness or family medical emergencies. Please contact me as soon as possible if you need to request one.
