Evaluation

There will be three exams: two midterms and one final. Each midterm will be worth 25% of your grade and the final will be worth 50% of your grade. Midterms will cover incremental material, while the final exam will be cumulative, but will place a heavier emphasis on material from the last third of the course.

Midterm 1: Thursday 4/14 in class Midterm 2: Thursday 5/12 in class Final Exam: Tuesday 6/7 7-10p

Policies

Exam dates are not negotiable. If you miss a midterm because of documented illness or sports, then the remaining midterm will count for 33% of your grade and the final exam will count for 67%. If you miss a midterm for any other reason, you will receive a score of zero on that midterm. There are no acceptable reasons for missing the final—if you miss the final, you will receive a failing grade for the course. Exams are closed-book, closed-notes and you will not be allowed to use calculators. If you believe that an exam has not been properly graded, you must discuss this with the TA who graded the relevant part of the exam within two weeks of when exams were first returned to class. A random subset of graded exams will be photocopied, and altering an exam after we have handed them back will be considered academic misconduct. Any student found guilty of academic misconduct will earn a failing grade for the course. In addition to this academic sanction, the Council of Deans of Student Affairs will impose a disciplinary penalty.
