Course grade:

We will calculate for each student one point total that puts a weight of 25% on first exam, 25% on second exam, and 50% on final. We will then calculate a second point total that puts a weight of 25% on the best of the first two exams and 75% on the final. Student's grade will be based on the higher of the two numbers. There are no make-up exams—a missed exam automatically commits a student to the second option.
